

A Guide to Portrait Pricing

aberdeenphoto.com

Portrait Photography

Are you looking to experience the perfect portrait ?

aberdeenphoto.com are a boutique photographic studio, winning awards and recognition for their work in both portraiture and the studio.

The large custom designed studio offers the perfect combination of high ceilings for better lighting, picturesque outdoor park locations minutes away, and an abundance of ideas to really capture you and your family.

The right time

Will there ever be the right time ? Maybe you'll wait a while as you need to lose weight, grow your hair, your daughter can start walking, maybe you'll have another baby... then before you know it your son's turning 18 years of age and getting ready to leave home... and you'll sit there wondering "where has all the time gone ?".

We always say that time is of the essence and whenever you decide to have your photo taken, the resulting images will always turn out so beautiful they will take your breath away. Whatever stage in life you are at, we will always capture that special moment and turn it into a piece of art, so the right time ? Is right now...

Your session

Objects of quality take a lot of time and planning and each session is unique. This is especially important where young children are involved, as bringing the right outfit will enhance your session and create the stunning images you see in our portfolio.

We are dedicated to delivering you an exceptional experience, therefore we have limited availability so we can maintain the highest level of excellence in all areas of our photographic studio including excellent customer service, superior attention to detail and emphasis on quality over quantity.

Before you even visit our studios, we will call and give you a telephone consultation to find your likes and dislikes, hobbies and what you REALLY want out of the portrait session. Whether it's in the studio or out on location, we will advise you on the best outfits and any props you may wish to bring in this initial consultation.

On the day, we sit down and discuss any special requirements you may have over refreshments and more importantly this lets the children and yourself get used to us being around. Your portrait session will typically last between 30 minutes to 2 hours, each session being unique and we ensure that your experience is suited to who you are as a family.

Cost

And now comes the thorny subject of cost. A large part of our success is repeat custom and recommendations. Photography is an expensive and a time consuming occupation, what you're actually paying for, is the photographer's expertise and time from your photo session, editing time and finally the viewing.

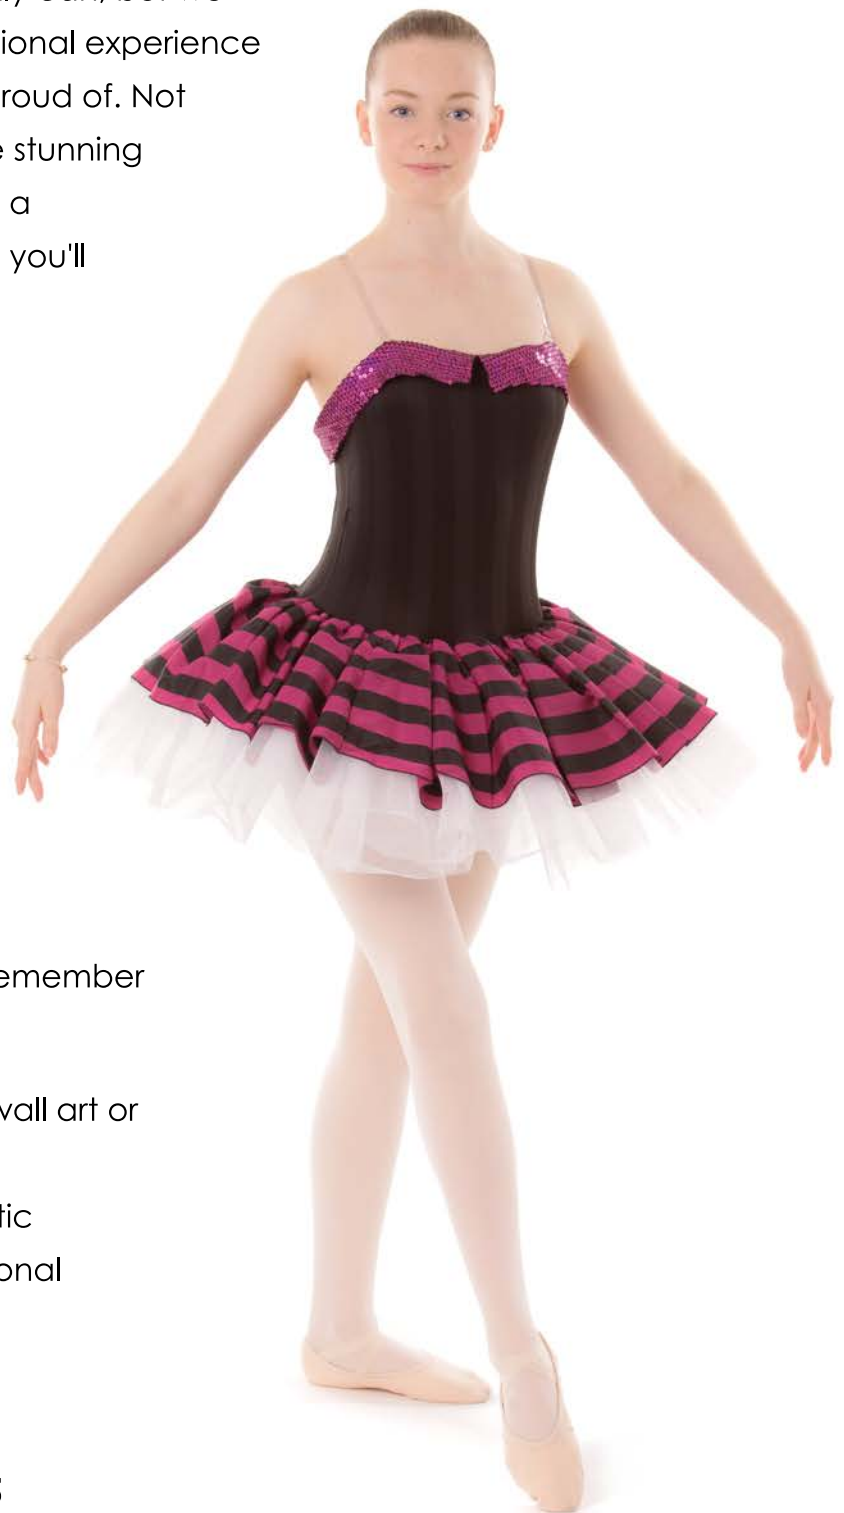

Can you book a portrait package for cheaper elsewhere ? Yes, you most certainly can, but we offer 5 star quality and an exceptional experience in order to create images to be proud of. Not only do we pride ourselves on the stunning photography we create, but also a guarantee that from start to finish you'll have a great experience.

Our business is based on quality from customer service right through to our products, we focus on your portrait experience from the taking to delivery of the finished products. The reason our portraits look amazing? Time, experience, the right equipment and an artist's eye. Ours is a labour of love and creativity to give you images to remember and share.

We present our photography as wall art or printed expertly onto bespoke, handmade albums – both fantastic ways to showcase your own personal artwork for years to come.

Sitting fees start at £79

Wall Art products from £175

Desktop Alumini | £99

The Desk Alumini is available in the same high impact finish options as the very popular Alumini Wall Prints. It is a beautiful minimalist finish, and sits proudly on any desk, shelf or table, supported by two subtle fixings.

Wall portraits

We believe that family photography is very important and in fact research shows that it improves a child's self esteem if they see images of themselves and their family around the house

The Investment

The photographs that we carefully craft for you will be in your family for generations and we want your wall prints to be proudly displayed for years to come. We offer a beautiful array of products hand-picked because of their quality, after all this is an investment you're making with prices starting from £125.

Art

We believe your images are art pieces in their own right and we've selected a handful of the best suppliers in framing, printing, and album making to offer you exclusive products to present your portraits. We can help you choose the very best ways to present your portraits so you're your future generations will be able to enjoy them just as much as you.

Wall Art

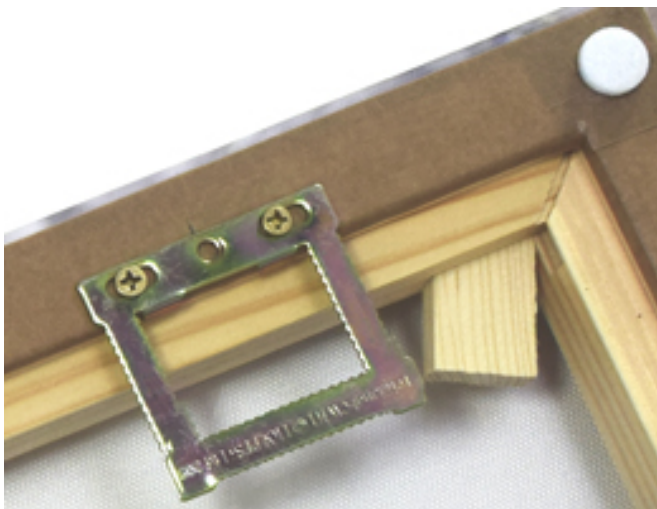

Our bespoke Wall Art range, exclusive to aberdeenphoto.com is available in bespoke sizes and most being hand-made to the highest possible standard. After your viewing, your images are re-worked to their very best then test printed and colour corrected, then approved in the studio before being sent to be hand crafted as a Wall Art or Album by our carefully selected luxury suppliers.

All of our wall art comes with a 10 year guarantee... we're confident you'll love your images as much as we do.

Photo Slots and Blocks

fotoSLOTS

fotoSLOTS are a creative, yet affordable way of displaying your prints. As the name implies, your images are inserted into acrylic pockets which are mounted on to a 3mm acrylic frame. These come in a range of sizes and 10 colours.

All frames have rear mounted wall fixings and are supplied with separate cams which can be rotated to ensure that your frame is level. Where appropriate, fittings are fixed so that the frame can be hung either portrait or landscape.

fotoBLOK

fotoBLOKS are a stylish, contemporary frame that uses a 15mm acrylic blok to hold your photograph in place, within a 10mm acrylic frame. Once inserted the blok gives your image a 3D effect. Frames are available in Black, White and Frosted White.

All frames have rear mounted wall fixings and are supplied with separate cams which can be rotated to ensure that your frame is level. Where appropriate, fittings are fixed so that the frame can be hung either portrait or landscape.

3D fotoSLOT

This new addition to the range combines the ease of use of the fotoSlots but with insertion into pockets at the rear, the window to the images looks superb.

They are fitted with 4 stand-offs which look great but also makes it very easy to change the prints. The fact that you can change the prints makes this a great value wall product.

They are available in black or white.

Book with 20 images	£395	£595	£695
per extra image	£12	£15	£15

The digital files are included with the portrait and Young Books

Digital Files

Our principal aim is to supply photographs that we carefully craft for you and that will be in your family for generations, and we want your frames and albums to be proudly displayed for years to come.

We believe your images are art pieces in their own right and we've selected a handful of the best suppliers in framing, printing and album making to offer you exclusive products to present your portraits. We can help you choose the very best ways to present your portraits so they take pride of place in your home.

However we do realise that some of our client's prefer to get the high resolution files and we offer these with copyright release on a USB drive or CD. Our files are up to 47mp taken on the very latest full frame cameras and highest quality lenses. They are re-touched and colour corrected and are supplied with an 8x6 print.

With wall print (20x16 or larger)		
Up to 5 (with 8x6 prints)	£300	£225
Up to 10 (with 8x6 prints)	£500	£400
Up to 20 (with 8x6 prints)	£600	£450
Up to 30 (with 8x6 prints)	£700	£500

What to expect at the Viewing

Prior to the viewing, you will receive a link to upload images of the walls of your home where you are considering displaying your portraits. This is very easy to use and a short video showing the system is included with the link. The images are automatically added to your image gallery and we can show you how the portraits will look on your walls to scale. This is a very important part of the portrait experience

What should I bring to the viewing?

We only offer discounts and packages at the first viewing, and they are not available online, as it's part of your portrait experience, so please be prepared to make a decision.

How long does it take from shoot to viewing?

It takes 2 - 7 days

Can I bring my children to the viewing?

We recommend parents NOT to bring their young children between the ages of 1 and 7 into the viewing room, more for the comfort of the parents as there is not much to do during the viewing session for them and you do not want to be rushed into making the wrong decisions.

How many pictures can I expect to see?

It depends on what you request for the sitting and how well the session goes, but on average we showcase 15-50 images, each one digitally cleaned, colour corrected, and lots of extra ideas for you to see how you can present your "wall art" in your own home. We are all about the quality not quantity.

How long is the viewing?

Our viewing sessions normally last 1 hour (or more!). If several family members are attending or there are a lot of images to select from, we will schedule two hours.

What is creative editing?

After the shoot, we have an experience digital artist working on your photos. We clean up scars, spots, dribble...the icing on the cake as they say. We also work on a few variations like black & white to show you as well as selecting a few photographic designs that we think you might like. Finally, we select OUR favourites and spend quite a bit of time working specially designer "layers" and really showing your photos, as we like to see them, as photographic masterpieces.

What is Wall Art?

If you think of photographs as pictures to browse through on your computer or to be burnt onto a CD and shoved in the drawer, then perhaps we're not the right photographers for you. Perhaps you just need some help to visualise the potential your images may have. However, we are very much current with the latest technology and can offer you an app to have your images offline on your phone, and we do have an option to supply files with books, and at reduced prices with wall portraits.

Capturing the image is only the first step in a very involved process. We believe your images are art pieces in their own right and should be proudly displayed in the right frames on your wall or lovingly presented in our albums.

The photographs that we carefully craft for you will be in your family for generations and we want your frames and albums to be proudly displayed for years to come.

Is there an obligation to buy after the shoot?

Of course not, but can you really resist the beautiful images? Our images are always intended as Wall Art to be proudly hung on your walls.

Can my relatives come to the viewing?

Please feel free to bring your partner and other family members so they can enjoy the show too.

What payments do you accept?

We accept most major credit and debit cards, if your unsure please ask the studio to find out which ones we can accept.

Do you offer payment plans?

We offer 3 - 6 months interest free payment plans – great for spreading the costs whilst enjoying your wall art in the comfort of your own home.

What our Client's say

Hi Neil,

The prints are fantastic, we're very happy with them and it's lovely to be able to let my farflung family see them too. Thanks again and we will highly recommend you to anyone thinking of having professional photos taken.

Christine

Hi Neil

So pleased with the photos everybody loves them.

...

Regards Jean

Hi Neil Hope you and the family are all well. ...

Absolutely love the portrait, it's stunning

...

Thanks

Hi Neil,

Just wanted to say how pleased I am with my photos, so many great comments on Saturday and people said they would never have thought of doing outside for a family photo. Just wanted to write as people normally only do when they complaining.

Thank You

Thank you for taking time to look at our brochure and I hope you found it useful. Although there are lots of samples, there is a lot more information and samples on our website - **aberdeenphoto.com**.

However nothing beats seeing the products - the wall and desk portraits and the albums on display. We work by appointment and are available evenings and weekends and have an on-line diary to let you choose the best time. If you prefer, you can contact us by email:

neil@aberdeenphoto.com, by phone (**01224 877 499** or **07813 705 205**), or by text (**07813 705 205**).

Handling the books, and seeing the products, and the system we use for designing and previewing your portraits will all help you prepare for your portrait experience.

I strongly recommend meeting and seeing what we offer before the portrait session.. However if this is not practical, we will have a pre-portrait chat on the phone.

At the viewing we will take the time to ensure you choose the best images, and presentation to enhance your home.

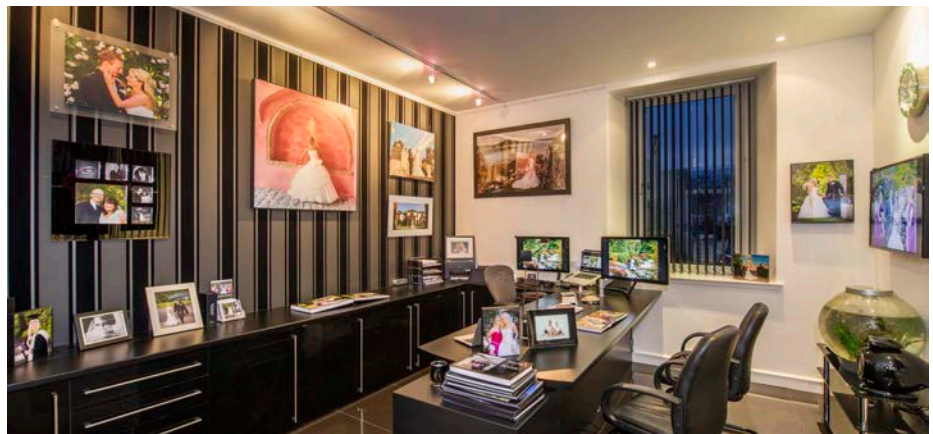

Most of our products are available in 7-14 days but books or some specialised options make take longer.

We will endeavour to make the complete experience special, so that you will be back again, and also be happy to recommend us to your friends and family.

I look forward to welcoming you to the studio,

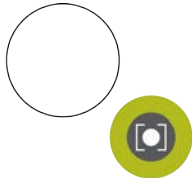

I look forward to hearing from you

Neil Gordon, LSWPP
